USE
MASON & RISCH PIANOS.

TORONTO is by far the largest centre of the piano manufacturing in Canada.

It is naturally the city in which pianos are most severely criticised.

It is therefore a point of pride with the manufacturers that there are far more Mason & Risch pianos in use in Toronto than those of any other maker.

Toronto Educational Institutions are extremely careful as to material of any kind used or purchased by them. The fact that all the institutions depicted on the margin of this page use Mason and Risch pianos is the best testimony to their worth.
